Telecom terms, conditions, charges and early termination fees apply. If you sign up to a 24 month term on either a 2GB or 4GB Mobile Broadband plan before 31 March 2010 we will double your monthly data allowance to 4GB or 8GB per month for the term of your contract. Additional charges apply for any data used over your monthly data allowance. Actual speeds you receive may vary depending on factors such as your device's capability, your location and its surroundings such as building types and other users on the network.
